

Resources

The following is a directory of sources of further information and services that we consider useful for people considering building with hempcrete and/or wishing to find out more about the topics discussed in The Hempcrete Book.

Readers in the UK will find relevant information on pages 354 to 356 of the book. This download was created for readers in the USA, Canada, Australia and New Zealand.

The global hempcrete market is new but constantly growing and evolving, with hemp and hemp-building entrepreneurs and start-up companies appearing (and sometimes disappearing) practically every month. Since the authors have no direct experience of hempcrete organisations in USA, Canada, Australia or New Zealand, the following directory of hempcrete services is based on personal recommendations via the Authors' contacts in the above countries, together with a web search from which an attempt was made to include only the companies which appear to be established, active providers of hempcrete and related services.

USA

American Hemp

www.americanhemppllc.com

Suppliers of hemp shiv for building.

American Lime Technology

www.americanlimetechnology.com

Suppliers of hemp building materials, hemp fibre insulation and lime renders and mortars.

Cloverdale Equipment, LLC.

www.cloverdaleequip.com

Mixer hire company whose mixers have been used for mixing hempcrete by US self-builders.

Hemp Technologies Global

www.hemp-technologies.com

Suppliers of hempcrete materials and hemp-fibre insulation. A source of information on many uses of the hemp plant including building. Initial training is provided for those purchasing their hempcrete building materials.

Original Green Distribution

www.originalgreendistribution.com

Suppliers of hempcrete building materials and hemp-oil wood preservatives.

Canada

The Endeavour Centre

www.endeavourcentre.org

Offers training in the use of hempcrete and other natural building materials.

Canadian Hemp Trade Alliance

www.hemptrade.ca

Organisation promoting Canadian hemp and hemp products globally.

Hempcrete Natural Building Ltd.

www.hempcrete.ca

Offers hempcrete training and consultancy.

North American Hemp and Grain Co. Canada

www.hempcanadabulk.com

Provides hemp for building, although this is not specifically highlighted on their website.

Australia

Hempcrete services

Australian Hemp Masonry Company

www.hempmasonry.com

Suppliers of hemp shiv, hempcrete binder and lime renders. Also provides mixer hire, hempcrete training and hemp building consultancy.

Developing Sustainable Directions (Green Building Australia website)

www.greenbuildingaustralia.com.au

Organisation promoting sustainable construction methods including hempcrete and hemp production generally.

Hempcrete Australia

www.hempcrete.com.au

Suppliers of hempcrete materials, hempcrete mixers, and certified training for hempcrete installers in both Australia and New Zealand.
